Brussels, 4 April 2022

Thank you for your solidarity

Dear Prof. Şebnem Korur Fincancı,

We thank you for your letter dating from 1 April 2022 and your firm condemnation of the targeting of healthcare services, facilities, and personnel during wars and armed conflicts.

We commend the TMA's commitment to standing in solidarity with the victims of the war and your readiness for all forms of cooperation within the conceptual framework of "Health Care in Danger" by the World Medical Association. We will forward your letter to the Ukrainian Medical Association for whom your statement of solidarity will surely be great encouragement.

We share your hope that the war and suffering will end soon.

Yours sincerely,

Dr Christiaan Keijzer
CPME President

Annabel Seebohm, LL.M.
CPME Secretary General
